6/22/99 - Phone call received today from Mr. Hansen - said he was ready to send in the 1998 annual report. The production figure will only be estimated - other people are coming in and taking out stone and he doesn't know exactly how much they are taking out (thinks some people are not telling him all they took out). I told him we had not received an annual report from him since 1995. He said the project had been in legal battles and nothing had been done, so he didn't send any reports in for the past few years.

I'll send a copy of this e-mail to the file.
